Testimonials

Harbers Flame Centre & Masonry Inc.

We have been members of the South Dundas Chamber of Commerce for many years. It is important as a small rural business to stay connected with the community through the local events that our Chamber hosts and supports. Several opportunities such as co-op radio advertising and trade shows really help to promote our company. Being our voice and keeping us informed about government affairs is another great benefit. The South Dundas Chamber of Commerce is a definite asset to our business and our community!

Upper Canada Playhouse

Membership in the Chamber is valuable in so many ways. You discover what services and products other members provide and you can partner with to promote your business effectively and economically. It's also a great way for members to work with and learn from each other through networking and sharing those marketing and operating techniques that help to sustain and grow our businesses. It's a support system that works.
